**Answer: D**

**NEW QUESTION: 4**

HOTSPOT

You deploy a SharePoint Server 2013 server farm and you create a team site.

You perform the following tasks in the team site:

Create a content type named Financial.

Create a content type named Informational.

Enable all auditing policies for both of the content types.

Create a document library named Data and add the new content types to the library.

Enable the bar code policy feature on the Financial content type in the new library only.

For each of the following statements, select Yes if the statement is true. Otherwise select No.

Hot Area:

**Answer:**

Explanation:

Explanation/Reference:

The two content types will be available in the Data document library.

The log is defined on the content type, not on the Data document library. There would not be a specific log for the Data document library.
